**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Good hillwalking conditions across the Lake District fells. Note that some streams and fords may still be fast-flowing from recent rain.

Forecast for Monday 03 Oct 2022

Weather: Dry overnight with clear spells, rather chilly with a few mist patches developing in the valleys. Early mist clearing then dry for most of the day. Best of the sunshine in the morning then cloudier in the afternoon with strengthening winds. Outbreaks of rain then expected to spread east during the evening.

Maximum wind: Southerly 10-15mph in the morning steadily increasing during the day with average 30-35mph and gusts 45-50mph on the high ridges and summits by evening.

Chance of cloud-free hill tops above 800m: 90% in the morning, becoming 40% in afternoon.

Low cloud and visibility: Early mist patches clearing, otherwise mainly good visibility during the morning and into the afternoon. Patchy cloud and fog developing above 600 or 700m during the afternoon, mainly across southern fells. Cloud lowering further during evening as rain arrives.

Temperature: **Valleys:** Plus 6C rising to 13 or 14C.
At 800m: Plus 4C rising to 8 or 9C.
Freezing level: Above summits.
